1992
MILLING DIRECTORY & BUYER'S GUIDE

SOSLAND PUBLISHING CO.

Milling & Baking News

MILLING DIRECTORY

The *Milling Directory/Buyer's Guide* is a continuation of the Directory of Milling, which had its beginnings more than half a century ago and has been published by *Milling & Baking News* since 1973. The Milling Directory provides a comprehensive listing of companies and products in the milling industry, including daily flour milling and storage capacity, railroad service, executives in management and production, and wholesale and retail brands.

Statistical Summaries 6

The statistical summaries detail milling capacity by largest companies, by states and by type of flour for those listings in the directory.

United States 12

Individual mills are listed by city and state. Mills may appear in several sections because of the types of flour produced.

Multiple unit companies 12
Wheat flour mills 26
Family flour packaging plants 42
Mix manufacturing plants 48
Durum mills 56
Bulgur plants 57
Rye mills 57
Dry corn mills 60
Corn refiners 62
Soy flour mills 63
Buckwheat mills 63
Oat mills 64
Rice mills 66
Specialty mills 69

Index of U.S., Canadian Mills by Type of Product Milled 22

Canada 71

Individual mills are listed by city and province. Mills may appear in several sections because of the types of flour produced.

Multiple unit companies 71
Wheat flour mills 72
Family flour packaging plants 74
Mix manufacturing plants 78
Durum mills 78
Specialty flour mills 80
Oat mills 80

Central American and Caribbean Flour Mills 81

Mexican Wheat Flour Mills 85

BUYER'S GUIDE 95

The Buyer's Guide includes a complete listing of products and services for milling and an alphabetical list of companies producing and/or supplying these products. The publisher assumes information provided by the companies included in the Buyer's Guide section to be an accurate list of the products and services offered by that company.

Index of Advertisers 132

This *Milling Directory/Buyer's Guide* is unique in that each listing is verified by the companies listed for accuracy. Every effort has been made to present a publication free of errors and/or omissions. If there are additions, corrections or changes for any listing, attach a copy of the listing and mail it to Directory Manager, *Milling Directory*, Sosland Publishing Co., 4800 Main St., Suite 100, Kansas City, Mo. 64112. Single-copy cost is $55.

Milling Directory Profile

The following changes occurred in 1991 and are reflected in listings in the 1992 directory.

January 1991: Cargill, Inc. broke ground at Stockton for a second flour mill in California.

January 1991: Cargill, Inc. acquired four flour mills from Pillsbury Inc. The mills are located in Springfield, Ill.; Los Angeles; Lake City, Minn.; and Ogden, Utah.

March 1991: ADM Milling Co. added wheat flour mills at Chattanooga and Cleveland, Tenn., which were formerly listed under ADM Holding Co.

March 1991: Rozon Milling, Inc. announced it will not replace its 3,500-cwt flour mill (Montreal) destroyed in explosion.

March 1991: Windmill Corp. completed the acquisition of White Lily Foods Co. from ADM Milling Co.

March 1991: Amber Milling, Huron, Ohio, completed a durum mill expansion in Huron.

April 1991: Alberta Wheat Pool acquired Byers Flour Mills, Camrose, Alta.

May 1991: ADM Milling Co. acquired the assets of the Canadian flour milling business of Weston Foods Ltd., Toronto, which include Soo Line Mills Ltd., Winnipeg, Man., and McCarthy Milling Ltd., Mississauga, Ont.

July 1991: ADM Milling Co. acquired the Camp Hill, Pa., flour mill of Bay State Milling Co.

July 1991: Bay State Milling Co. announced a 3,000-cwt expansion to its Tolleson, Ariz., durum mill and an addition at Indiantown, Fla., that will double the size of the 5,500-cwt capacity mill.

July 1991: Northern Crops Institute, North Dakota State University, Fargo, N.D., opened a pilot durum mill with 55 cwts capacity.

August 1991: Pendleton Flour Mills added a 3,000-cwt durum mill unit to its existing mill structure in Pendleton, Ore.

August 1991: ConAgra Flour Milling Co. formed a joint venture with Hubbard Milling Co., Rapid City, S.D., called ConAgra/Hubbard of South Dakota, based in Rapid City.

August 1991: Miller Milling Co. began construction of a 6,000-cwt durum mill in the San Joaquin Valley in California.

September 1991: Can-Oat Milling Products, Inc. officially opened its oat processing plant at Portage La Prairie, Man.

Total daily wheat-durum-rye capacity by state

	TOTAL CAPACITY (CWTS)				CAPACITY (CWTS) (INCLUDED IN WHEAT FLOUR)		NUMBER OF MILLS

If flour is flour is flour
With specification critical,
Quality wheats and millers
Differentiate supplier.

If flour is flour is flour
Into automated systems,
Uniformity of deliveries
Differentiate supplier.

If flour is flour is flour
With value as the driver,
Service and information
Differentiate supplier.

Thus flour by any other name:
Quality, Uniformity, Service,
For perspicacious customers
With punctilious requirements.

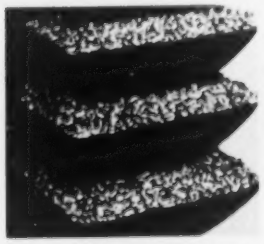
Question your supplier.
Demand only the best.
Elevate expectations,
Excel above the rest.

Codema, Inc.

OFFERS YOU:

Economical solutions for your problems, with innovative ideas, unique design approaches, and custom tailored service

- Engineering
- Plant remodeling
- Plant efficiency studies
- Process flow, plant layout, and equipment for: Arepa, beans, bulgur, barley, buckwheat, corn, lentil, milo, oats, peas, rye, rice and wheat processing
- Mixing plants
- Hulling plants
- Mill supplies, including grinding stones
- Dressing and sharpening of millstones
- Pneumatic conveying, including mill pneumatics
- Complete dust control systems
- Complete bulk storage facilities
- Pneumatic ship unloading
- High capacity ship loading
- High capacity chain conveyors
- High strength chain for existing chain conveyors
- Manufacturer of high capacity elevator cups
- Supply of new or used equipment of U.S. or European origin
- Broad experience in the U.S., Canada, Europe, South-America, and the Caribbean area



HI-CAP ELEVATOR BUCKETS

HIGH STRENGTH CONVEYOR CHAIN

EQUICHEM
INTERNATIONAL

REACH THE GOAL!
MEET EQUICHEM'S FLOUR OXIDIZER/REDUCER TEAM...

They are waiting for you to make the move. They can help you reach your flour oxidation goals.

You can use EQUICHEM'S Oxidizing/Reducing agents individually, in conjunction with enzymes, or in various formulated combinations to achieve the degree of oxidation desired.

EQUICHEM'S staff are always ready to assist millers and bakers to attain their flour quality goals.

At EQUICHEM you can rely on personalized service and excellent quality products:

- **OXIDIZING AGENTS**
- **MATURING AGENTS**
- **FUNGAL ENZYMES**
- **BLEACHING AGENTS**
- **VITAMIN PREMIXES**
- **VITAL GLUTEN**
- **DOUGH CONDITIONERS**

Exact Flour

Always exact. Quantity and quality. From reception of raw material, through cleaning, tempering and milling, to mixing and packing.

AB Nord Mills are the market leader in Sweden. With the most modern flour mill in Europe. With production day and night. Quality and quantity are automatically controlled in all parts of production.

But the milling superintendent is still in control. Colour graphic display terminals provide instant access to all mill activities. From a central location. In a graphical presentation he understands because he helped design it. And he can quickly make changes to control and optimize production.

His control systems are from SattControl. Hardware and software. He makes use of SattControl's wealth of milling industry applications know-how and innovative products. You can too.

For a free brochure on the benefits of Mill Control and an overview of the Nord Mills application, contact us at the address below.

THE AGRICHEM TROUBLESHOOTER

Continuing to improve your product quality as well as your product line with value added. Offering ways to expand your product line both increasing consumption **and** profitability.

Bread and cake mixes – both complete, ready to use or concentrated for the Miller to mix with his flour for sale to bakery customers. These include basic mixes as well as wholesome, hearty breads such as Rye, 6 Grain, Bavarian Farmers, Oat Bran, Wheat & Honey & more.

Dough conditioners that reduce mix time, increase volume and yield. Emulsifiers and pan oil to offer to your bakery customers. Distribute these with your flour for added profits.

AGRICHEM, INC. is a leading exporter and supplier of flour additives including:

NATURAG — our innovative product to replace Bromate.
GLUTEN M — high quality vital wheat gluten modified with emulsifiers
ASCORBIC E — ascorbic acid mico-encapsulated for improved stability and oven spring. A "natural" improver.
AGRICOM — a custom blend of enrichment, maturing agent and fungal amylase enzyme. One feeder replaces three.
AGRILITE — Benzoyl Peroxide 32% — Bleaching agent
AGRIMALT 5000 — Fungal Alpha Amylase Enzyme
BROMAG — Potassium Bromate 23% or 50% concentration
MATURAG — Azodicarbonamide 10% — Maturing agent
VITAG — Enrichment for flour, cornmeal or pasta

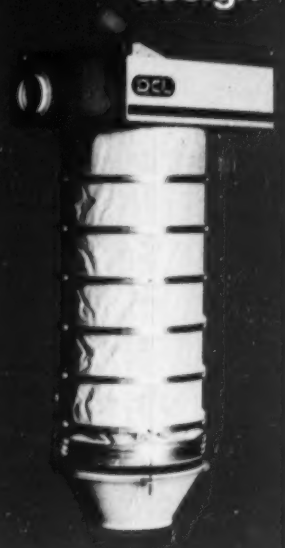
a leader in innovative bulk loading system design



DCL's advanced bulk loading systems are at work throughout the world, solving some of industry's most difficult problems — eliminating dust hazards and increasing loading speeds.

Our exclusive Rhino Hyde® urethane inner stacking cones plus innovative design features make our spout the best alternative.

Our success with repeat customers is the result of DCL designed systems that carefully consider every aspect of loading terminal operation.

For more detailed information, call or write Reinhard Matye, DCL, P.O. Box 125, Charlevoix, Michigan 49720, (616) 547-5600.

DCL

— ANNOUNCING —

We have expanded our quality line of products to include a complete size range of slide gates. Also ask us about aeration conveyor components and systems.

MAC MCF DUST FILTERS

33 STANDARD MODELS – 2,000 to 220,000 CFM

The MAC Controlled Fire Filter (never miss cleaning system) is the most advanced medium pressure air filter on the market today. The MAC MCF filters take less horsepower to operate, offer efficient, controlled bag cleaning, require minimal maintenance, and meet the market demand for increased capacities. Patent No. 4,655,799.

AIR QUALITY PROTECTION

- 100% Efficient Cleaning Cycle
- Gear Drive with No Tool Top Bag Removal
- Uniform Bag Cleaning
- Low Operating and Maintenance Cost
- All Welded One Piece Design

What's the answer to simplified process measurement?

MILLTRONICS SONIC INTELLIGENCE™ ULTRASONICS, IN-LINE WEIGHING, AND MOTION SENSING

Milltronics' products answer the process measurement challenges that you face every day.

- Non-contacting, ultrasonic level measurement systems provide measurement of solids and liquids. Sonic Intelligence™ echo processing assures accurate measurement in difficult applications.
- Continuous in-line weighing systems include dry solids flowmeters and conveyor belt scales.
- Motion sensors monitor and protect rotating equipment.

Please call for an evaluation of your process measurement applications (817) 277-3543.

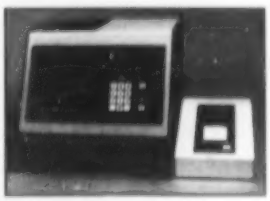
Leading by example.

GAC2000 Grain Moisture Tester
The first in a line of new instruments for the 90's, featuring fast readings on moisture content, grain temperature, and approximate weight per bushel, memory for 32 calibrations, and the reliability and versatility you'd expect from the leader in testing technology.



GAC III Protein Analyzer
A near-infrared analyzer that quickly and accurately measures the percentage of moisture, protein, and other constituents in a variety of grains. **FGIS-approved for wheat!**

Instalab NIR Analyzer
A highly versatile instrument that can analyze grain, oilseeds, feed, and more with memory for up to 52 product constituent calibrations. **FGIS-approved for soybeans and wheat!**

Motomco 919 Automatic Grain Moisture Tester
A digital, easy-to-operate moisture tester with automatic temperature measurement and the same inspector-accurate performance as the original Motomco 919. Direct readouts eliminate the need for conversion charts.

You can't always see what's bad.

Can you find the contaminant in this product ...our gravity separator can.

The Oliver accurately separates dry, bulk solids by weight. Our unique rectangular deck and multiple fan system provide you with the tools to make the difficult density separations, like the one above. When your product's quality is at stake, you can't always trust the eye. So before you make any final decisions, find out how an Oliver can benefit you.
